***Allowable Subject Matter***

1. Claims 17, 9, 17-23 and 28 are allowed.

The following is an examiner's statement of reasons for allowance:

The allowability of the independent claims 1 and 17 resides, at least in part, in that closest prior art of record Knowles et al. (US patent 6,182,897) does not disclose or suggest, alone or in combination, wherein the customized injection molding system is created by assembling a plurality of components, the components including at least 'a manifold plate that was partially manufactured and placed in inventory before the configuring subsystem received any customer defined parameters for the customized injection molding system the manufacture of the manifold plate being completed after the configuring subsystem receives the customer defined parameters for the customized injection molding system, in combination with the other elements and features of the claimed invention.

The terminal disclaimer filed on January 10, 2005 disclaiming the terminal beyond of any patent granted on this application, which would extend beyond the expiration date of U. S. Patent 6,675,055 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
